

Freedom School Holidays Covid-19 Holiday Club Procedures & Guidance – Parents and Carers

- Children will be placed into bubbles depending on current Covid Restrictions. If required, siblings will be together, and we will endeavour to have requested friends within the same bubbles. A leader will be allocated to each bubble who will also remain the same throughout the entire week
- Social distancing measures will apply where necessary for children (2 metres where possible). Staff will stay socially distanced from children and adults. Bubbles will not mix during the day at any point.
- Drop off must be made between 9am to your child's allocated area. We will ensure you're aware of exactly where your children enter the setting prior to the start of the club. Collection must be made between 3pm from the same entrance (unless staying for optional collection of 4:00pm). We would prefer parents to drop off their children at the school gates to reduce the footprint on school grounds.
- There are 96 hours between weeks to ensure cleaning of a high standard is completed.
- All children will be required to either wash their hands or apply hand sanitiser upon arrival and after every activity session (at least every 1.5 hours).
- Please can children only bring **essentials** such as: their lunch box, water bottle and possibly sun lotion within. Siblings, by all means, can share bags.
- Activities, where available, will be held outside with all equipment regularly cleaned before and after use.
- Lunch will also be eaten outside, where possible. Social distancing rules will still apply. Appropriate packed lunch food only please.
- A deadline for booking is the Saturday prior to the following weeks session. This is to ensure the maximum safety of all children within bubbles. Availability is limited due to restrictions and we cannot guarantee room within bubbles 'last minute' due to bubbles needing to remain the same.
- Payments must be made in advance. BACS, Childcare Vouchers or cash on your child's first day of attendance is required. Unfortunately, refunds cannot be given due to spaces being restricted and unable to fill the spaces of those absent.

Your child's safety and wellbeing is the most important thing throughout this difficult period. If you're concerned in any way about the running and maintaining of the standards and procedures at Freedom please do not hesitate to contact us. Should you child or anyone within your household be feeling unwell please do not bring them along to Freedom as this could jeopardise all children within their bubble. Please inform us immediately should this be the case. Together, we will ensure your child has plenty of fun with friends new and old

27/05/21.
